

BIOLOGY 12 COMMUNICATION PLAN TOPICS

1. Chemistry of living things
2. Photosynthesis
3. Cellular respiration
4. Genetics
5. Human Systems (nervous, endocrine, reproductive, muscular, skeletal)
6. Evolution

TESTING AND EVALUATION

Mini-quiz: Short fill in the blank tests given on one or two week intervals, ten to fifteen minutes duration. (15%)

Labs and assignments: Some topics will be accompanied by labs while others will have assignments associated with them. (15%)

Major tests: Objective and essay questions, full one hour tests, one given each term.

(20%) Comprehensive Test: Objective and essay questions, given prior to first progress report. (50% of that term)

Final Exam: Objective and essay questions; two and one half hours at end of semester.

(30%) Any missed tests are to be written on the student's first day back to class as they are assigned at least one week in advance. It is the STUDENT'S responsibility to obtain notes and knowledge of work covered during their absences.

1st term

mini-quiz 15%

labs/assignments 15% =20 points

major tests 20%

comprehensive test 50%

=100 points

2nd term

mini-quiz 15%

labs/assignments 15% =80 points

major tests 20%

final exam 30%

COMMUNICATION

1. Should the need arise, I can hopefully contact the parents/guardians of any students with the phone number provided by that student.

2. Monthly attendance reports will be sent home with the students to be reviewed by and signed by the parents/guardians and returned promptly to the homeroom teacher.

3. This year we have a computerized dialing system that will immediately (daily) inform the home of classes missed by any student; this will be supplemented with periodic teacher notification.

4. If you have any questions or concerns at any time, please feel free to contact me or any other teacher at the Academy. (562-5464)
