

To: Parents / Guardians of students of Math11
First Semester:

A student should have grade eleven math prior to taking grade twelve math.

Topics covered in this course: Problem solving skills, Trig, Solving equations, Law of Sines, Cosines and Statistics

Success in this course is predicated on a minimum of one half hour of homework each day, in addition to classroom time. An exam will be written at the end of the semester; thus, provincial time guidelines must be closely followed.

Attendance is compulsory; any student absence has to be phoned into the office (562-5464). Sydney Academy has an automatic dialer system, which will inform the home of any classes that are missed because of an unexcused absence.

Course assessment: 20% comprehensive assessment
50% tests
30% final exam

Your child will receive a test mark every two weeks. If the student does not tell you these marks please phone 562-5464 and request to speak to the teacher.

Sincerely:

K.O'Neill
Math 12 teacher.

Name of student:.....

Please sign, date and return with your student.
