B. GENERAL COMMENTS

Each student has the potential to contribute substantially to the class atmosphere. This contribution can be positive only if attendance is consistent. When a student misses time, the notes alone will not review the entire class. It is impossible to recapture the discussion, questions, and explanations that are merely highlighted in the notes. Therefore, regular attendance is essential.

Extracurricular activities are extra; therefore, absences for such activities should not interfere with assignments, test preparation, etc. Students should review their schedule and assignments should be passed in before they leave for tournaments. See the teacher to reschedule tests. This is the student's responsibility.

C. ASSESSMENT

Assessment of student learning will be based on tests, assignments, individual and /or group projects and formal examinations.
