Class: Integrated Resource

Welcome to all students, both new and returning, to the Integrated Resource Program at Sydney Academy.

The Integrated Resource program offers a Daily Living Skills component that promotes and builds upon independence, wellness, and active citizenship. It offers a program that promotes successful transitioning for the students through school-based inclusion, as well as the possibility of a volunteer work placement. Students in the Integrated Resource program will obtain their 18 graduation credits under the model of Inclusive Education.

Evaluation

Students will be evaluated on a regular basis using such methods as observation, anecdotal notes, group discussions, daily class assignments, test and agendas. It is of utmost importance for students to have regular attendance to achieve success in their courses.
