

Math 11 Essentials - Communication Plan
Mrs. L. Penny 2011-2012

Grade 11 Math Essentials is a one-semester course designed to provide students with the understanding and skills required to succeed in everyday life. Topics include:

- Renting an Apartment
- Buying a Home
- Household Budgets
- Taking a Trip
- Borrowing Money
- Investing Money

Assessment and Evaluation:

- 40% Tests
- 30% Exams
- 25% Assignments
- 5% Mental Math

Please Note:

An unexcused absence, for any assessment, may result in a mark of zero for the assessment. An excused absence (a note or phone call to the school) allows the student to write a make-up test upon their return. Tests may be written outside of regular scheduled class time.

Expectations:

Students are expected to attend all classes and to try their best to do the work.

Attendance is very important. Students absent from class, for any reason, are still held responsible for the work missed.

Extra help: 12:15 (Prearranged with teacher). After school times can be arranged.

Supplies: three ring binder, paper, pencils and pens and a calculator

Suggestions for Students:

- Copy all notes and examples
- Extra help is available
- Keep up to date...get missed work
- Use class time wisely
- Get help when necessary.....ask questions.

Parents/Guardians:

Parents/Guardians are encouraged to contact me at the school by telephone 562-5464 or email lpenny@staff.ednet.ns.ca if you have any questions or concerns.

Thank-you, Mrs. L Penny
