

Sydney Academy Communication Plan 2010-2011

Teachers: Mrs. Shauna Hennick
Mrs. Shauna MacKeigan

Class: Learning Centre

Welcome to all students, both new and returning, to the Learning Centre at Sydney Academy.

The Learning Centre offers a program that promotes successful transitioning for the students through school-based inclusion, volunteer work placement, community-based experiences, and a food service/domestic skills program. To obtain their 18 credits, Learning Centre students have the opportunity to attend classes within the Learning Centre and the “regular” classrooms under the model of "Inclusive Education". The Learning Centre offers a life skills component that promotes and builds upon independence, wellness, active citizenship, as well as the 18 course credits required to graduate. The Life Skills component of the Learning Centre program will focus on baking and cooking, cleanliness and hygiene, community links, as well as outings and field trips.

Evaluation:

Students will be evaluated individually based on their individual program plan.
