**Course: Spanish Ab Initio 11 and 12**

**Course Description:**

Spanish ab initio is a demanding subject that requires intense study and focus. The overall objective of this course is for students to achieve communicative competence in a variety of everyday situations. At the end of the IB Spanish ab initio course in grade 12, candidates will be expected to demonstrate ability to:

- Communicate information and some basic ideas clearly and effectively, in a limited range of situations.
- Understand and use accurately the essential spoken and written forms of the language in a limited range of situations.
- Understand and use a limited range of vocabulary in common usage.
- Use a register that is generally appropriate to the situation
- Show an awareness of some elements of the culture(s) related to the language studied.

**This course will satisfy the second language requirement for IB Diploma candidates and may also be taken as an IB Certificate course.**

Students absent from class, for any reason are **still held responsible** for the work missed during that time. Regular, on time attendance is not only encouraged but is essential to student's success. Regular phone calls will be made if a student has continuous unexcused absences.

**A new attendance policy has been designed and can be read in the student agenda booklet. It is strongly advised that it be read. Any student missing a total of 16 classes (whether they are excused or unexcused) is not eligible to obtain credit for the course.**

**It is important to note that as a school policy, there will be no make-up tests or assignments due to unexcused absences. Students who miss assessment practices due to an unexcused absence will be given a mark of zero.**
